PORTSMOUTH ADVERTISEMENTS CONTINUED—BERKLEY NEWS AND ADVERTISEMENTS. your clearing-house certificates and to send gold back and forth between here and England, but you will not consent to the issue of another dollar of legaltender money by Uncle Sam. You know well enough that, in the final analysis, the value of the legals and the U. S. bonds depends on the credit and resources of the American people. You are in favor of "more bonds" and more taxation all the time, but not a dollar more of legals shall be issued to redeem the 40 billions of debts (other than private debts) of the people of this country. If Uncle Sam should issue 100 millions more legals how you would grunt and groan and howl "inflation" and "repudiation." I have heard the cries and sobs of the wailers at the walls of Jerusalem, but you would have seven kinds of fits and a fearful agony of woe. And how your hirelings of the press would rave. Larry Godkin would have the cholera morbus again, and all the scribes of the New York Times and World would go into mourning and recite the lamentations of Jeremiah. The people understand your little game—you want the earth. EUGENE BLOODGOOD BEEBE.

will have to be materially increased. It will pay to buy now at \$7.50, thus saving in price, of stove and cost of gas used for cooking. CITY GAS CO.

A Meeting of Noah's Ark Fossils and Dogberrys.

fauntless and ever-faithful journal, barons and has the confidence of the interrified Democracy. The stars in their courses fight against Sisera and the British gold standard, and we, sir, can appeal to the irresistible logic of events. A lot of Noah's Ark fossis and dogberry wit at Cleveland the other day who believe this gigantic Republic, with ite 75 millions of people, can still wear the swaddling clothes of a pigmy. Well, there is method in their madness, for they wish to keep the volume of currency down, so they can issue and control it. They will find out what the great and glorious Jones, of Nevada, the most profound intellect of his time in economic analysis, has so often told in economic analysis, has so often told. the most profound intellect of his time in economic analysis, has so often told them that "when business revives this country has a tremendous power to absorb cash, legal-tender money of redemption." These greedy bankers (and avarice is the blindest of all the passions) want to impound the legal tenders as well as to kill off and ravish free silver again. Are they so blind that they cannot see that a money-famine may some day come on in Wall Street, which may cause Vesuvius to break loose. Do they not perceive that outside of a few monster banks there is a shoddying, shrinking volume of currency, that must sooner or later cause a new era of "falling prices?" The revival of business abroad, especially in England, has caused an immense expansion of credits and a consequent contraction of loans by the Hank of England and its satellites and the same process of absorption is going on in Wall street. These patrious and purblind gold monomaniacs tell us the interest banks are full of money, but forget to tell us that most of it is deposited in the Wall-Street banks. While I write the weekly statement of the associated banks is coming out over the ticker showing an immense de-

the associated banks is coming out over the ticker showing an immense decrease in deposits, and that these banks are again skating on thin ice. If this thing keeps on we shall see the rich banks again issuing clearing-house certificates to the poorer banks on their "assets."

"assets."

These old fossils, dogberrys and pecksniffs, afflicted with a moral pomposity for "honest money," and shedding crocodile tears like Uriah Heap over the fiag and "the National honor," are not up to date, and far behind the times. These pigmies are trying to don the armor of Achilles. They ignore the vast expansion of credite that has taken place in this "false start" of the country on the influx of more money in the shape of 150 millions of British gold. They seem to forget that Wall Street has 20 billions of "securitiess," ate the money scarcity by impounding the legals. I suppose, however, if you bring on a panic as you did in '93, by the calling of 3 billions of loans, you will console yourselves by gathering in more of the values of the people. You seem to want the earth.

Nervous, Irritable Spells,

Moving Specks Before

All Cured by Dr. Hallock's Wonderful Electric Pills for Weak, Worn-Out, Nervous People.

Worn-Out, Nervous People,

Wasting away of the nerve centres, which are the reservoirs of Life, is the hardest to bear of all human aliments, and, unless corrected, ultimataly cause Pearsitysis, Nervous Prestration and a complete breakdown. Wemen are especially succeptible to Nervous Treutibles. Senactimes their nerves are "all on ead," a clamming of a deer, anything falling on the floor or any sudden noise will as atarille them that they will lit anything fall that they may have in their hand. One lady told us that she had on several oucasions dropped her baby and she was in constant dread. A few boxes of Dr. Halleck's Wenderful Electric Pills cured her, made her nerves atrong and completely rectored her nerve centres, and she was able to ge about her daily labors without fear of dropping baby and full of confidence. Another effect of the wasting away of the nerve centres is what people call "nervous spells." You feel tired, not strong, and at the least anneyance you have "a spell," and you feel as though you would die. Your throat feels like it had a tumer in it, and the effect to awailow is peinful. This is Hysteria. Dr. Hallock's Wonderful Electric Pills will cure this maiady by restering the nerve centres. The pills are made for this very purpose and are different from any other Nerve or Bieod Remody. Give them a trial. shis to ge about her daily labors without fear of dropping baby and (hit of condence. Another effect of the washing away of the nerve centre is what to case to cattle. The greatest loss of all was to crops on the mainland. It is said this amounted to have "a spell," and you feel as though you would die. Your throat feels like it had a tumer in it, and the effect to serve. The pills are made for this very hires and are different from any other trial.

Dr. Hellsok's Electric Pills throughly tested for past 50 years. They are perfectly harmless and can be taken with safety by the most delicate.

Sold at stores or sent from laboratory, sealed, it per box; 6 boxes, sufficient to cure most obstinate cases, sufficient to cure most obstinate cases, sufficient to Carter, case, but said he expected to go to Washington within a day or two, Ya. Trade supplied.

While many of the marsh ponies were drowned, a great many escaped, and the case to cattle. The said this amounted to have made the same was the case to cattle. The said this amounted to have "a spell," and you feel set hough you wait a minisand. It is said this amounted to haif a million dollars. The rainfall was greatest at Hatteras, 8 inches in 45 hours.

(Ry Telegraph to Virginian-Pilot.) Raleigh, N. C., August 16 .- The Weather Bureau here has the details of the death and damage by the great August hurricane along the coast of North Carolina. It appears that 25 lives were lost—the greater part of these were fishermen drowned at Swan Is and. The wind blew at the rate of 140 miles an hour, but only in spuris. While many of the marsh ponies were drowned, a great many escaped, and the same was the case to cattle. The greatest loss of all was to crops on the mainland. It is said this amounted to half a million dollars. The rainfall was greatest at Hatteras, 8 inches in 48 hours.

FIGHT OR BACK DOWN.

Unless South Africa is peopled with false prophets, the Boers have either evaded or defled what practically amounted to an ultimatum from the British cabinet. From the tenor of their recent communications to Mr. Chamberlin, they could scarcely be expected to do otherwise. However, as frequently pointed out in these dispatches, this presumed action on the part of the Boers does not make war a

ULTIMATUM FORTHCOMING.

gain and formulate specific Gemands ar more sweeping than the recent nes. These will be transmitted to resident Kruger in the shape of an ul-

cattered throughout the country it is mprobable a Council could be gathered ill Monday night, at the earliest, and

hand, for it is palpably more important to have 15,000 reinforcements on the scene of action than gain the gratitude of the importunate Outlanders, who for weeks have been crying for imme-diate aggressive action. The logic of

diate aggressive action. The logic of such a policy must be equally patent to President Kruger. It is hardly conceivable that he will await the arrival of the British reinforcements before taking the initiative. If he displays such hesitation he will strengthen the belief at the very last moment that he intends to back down, an impression which has many supporters among the ultra-conservatively inclined.

(By Telegraph to Virginian-Pilot.)
Doylestown, Pa., September 16.—The

patches, this presumed action on the part of the Boers does not make war a certainty, though it does place the British cabinet in a position where it must take steps so aggressive that war or utter ignominous submission will be the only alternatives remaining to the Transvaal. This new, serious phase of the crisis also gravely increases the probability that the Boers will take Doylestown, Pa., September 16.—The Solesbury farmers' club, composed of the most prominent agriculturists in the eastern section of Pennsylvania, at its regular monthly meeting held at Carversville, to-day, decided not to send samples of wheat to the Paris exposition as they had decided to do at the request of the Department of Agriculture at Washington.

Resolutions were adopted to the effect that "it is the duty of every citizen of a country established to insure equal justice to all to express their condemnation of the sacrifice of that justice upon the altar of militarism evidenced in the conviction of Captain Alfred Dreyfus and of any system of government by which the innocent can successfully be compelled to suffer to shield the guilty."

The club expressed the hope that their fellow citizens would take similar action.

A copy of the resolutions will be sent to the Department of Agricultures.

ILLINOIS METHODISTS.

DEMAND A SESSION OF GENERAL CONFERENCE

ay City, Ill., Sept. 16-

Clay City, Ill., Sept. 16.—At the session of the Southern Illinois Conference of the Methodist Episcopal Church, South, yesterday, resolutions were adopted expressing dissatisfaction with the method by which the publishing house claim was collected from the United States Government, and demanding a special session of the General Conference to meet the first Wednesday in May, 1900, to consider everything pertaining to the publishing house.

The resolutions also recommend that

house.

The resolutions also recommend that the General Conference, when convened, shall so amend the rules that they shall provide for the return to the United States Treasury the sum of \$255,000, which was appropriated by Congress to pay the claims were just and right, a large majority of the members of the Church cannot approve of the means used to obtain the money.
